## Cruise Summary 2006

Another great boating season was enjoyed by Fraser Squadron members. We were blessed with wonderful weather for all of the cruises. Attending crews were treated to games of bocce, scavenger hunts, charades, and morning dockside puzzles. This all made for fun and memorable trips.

Port Browning (May 19-20). Six boats made this trip and a very competitive scavenger hunt was the order of the day. The hunt was won by Peter and Kouka from *Tetifton* who narrowly edged out Les and Jan of *Chardonnay*.

Montague Harbour (June 16-17) Five boats made this trip and all were at anchor the entire weekend.

Saltspring Marina (June 30 - July 2). Ten boats enjoyed the Canada day celebrations and fireworks. Another big scavenger hunt, this time gathering items that begin with the letter "C". The battle was hard fought but the victors were Rick and Rose of the *R & R*.

Genoa Bay Marina (July 21- 22). There were about six boats at this outing which was hosted by Rick and Rose of the *R & R*.

Ladysmith Maritime Society Marina (August 4-7). Ten boats turned out for this cruise. B.C. day celebrations (Ladysmith Days) took place and included a parade, lumberjack and strongman competitions and fireworks in the evening. We gathered for a BBQ at the Ladysmith Yacht club. Shuttle service between the marina and the yacht club was provided by Maritime Society Tours. There was a rousing game of charades at the yacht club which was won by the ladies (*ed: The guys were cheating like crazy and we still lost. How's that work?*). June from *Carina* won a prize for guessing the closest to the correct number of peanuts in a jar.

Thetis Island Marina (September 1 - 3). Our final cruise of the season was enjoyed by the crews of eleven boats. A delicious buffet dinner was set up at the BBQ pit by the restaurant on Saturday night. Everyone enjoyed the big Bocce tournament on Saturday. Winners, shown in the photo, are Margo of *MarDen* and Peter from *Tetifton* and Rose from *R&R* and Dave from *Invicta*. Bob and Lisa from *Wild Hare* were able to correctly identify the most celebrities.
