## **Boating in Washington State**

Further to a previous article about licensing / registration requirements, if you are boating in the USA please note:

1. Washington web sites with lots of information:

<http://www.boatus.org/onlinecourse/statelaws/Washington.html>

<http://www.takemefishing.org/state/page/register-your-boat/state/WA>

2. There may be confusion between Canadian and U.S. terms: our Canadian licensing can be compared to U.S. registration. Licensing is the most common method used for Canadian pleasure boat identification. Canadian registration is similar to U.S. documentation and is usually reserved for large and commercial vessels.

3. Remember you need to carry charts for the area that you cruise in, e.g. the San Juan Islands, as well as the relevant Coast Pilot. This link finds you digital versions of the free U.S. charts in either raster or vector format:

<http://www.nauticalcharts.noaa.gov/staff/chartspubs.html>

This link allows you to download and print the U.S. Coast Pilot for the area of interest:

<http://www.nauticalcharts.noaa.gov/nsd/cpdownload.htm>

4. U.S. vessels 26 feet or more in length must display a placard to make those on board aware of the garbage regulations. U.S. vessels 40 feet or larger, and which operate beyond three miles, and have a galley and berthing, or engage in commerce, must have a waste management plan posted and keep records of garbage discharges and disposals. Here is a link:

### **Montague Cruise - June 11, 12, 13**

Okay folks let's shake that dust off and get ready for our first cruise of 2010. It's going to be an anchoring cruise again and it will be at Montague Harbour June 11, 12 & 13th. Most of you know the harbour and know there's dock space available, cans to tie up to and, of course, anchoring. If you need dock space it will be up to yourselves to book the space. The number at the marina is 250-539-5733. For those that don't know, there is a quaint pub there called the Hummingbird Pub and to get to it you go 'back to the 60's' on the Hummingbird bus. There will be an on shore activity again so bring your runners. Hope to see you all there. Please call or email Rose Easthom to confirm that your going: 604-946-8389 or email [ricke@telus.net](mailto:ricke@telus.net)
